Access to Distance Education Courses

You must be officially registered to access the learning management system that is used for Distance Education courses.

Distance Education courses are accessed through the Internet via a learning management system. ECC Compton Center is currently using the Etudes and Canvas learning management systems.

[Canvas](#) Login → The login username and password for Canvas are the MyECC login information.

[Etudes](#) Login → The login username is the same as the MyECC username; the password is the day and month of your date of birth (for example, August 8, 1999 would be 0808 [four digits only]).

Fully online courses are published (activated) on the first official day of the course session.
