- **1/22/15** – Eligibility Application was submitted to ACCJC subcommittee on Eligibility and Candidacy for Accreditation. We should know if we have been approved by June or July 2015.
- **Important Links in Packet (Handout)** –
  1. **1st Link** – Final Version of the eligibility application
2. **2nd Link – Letter from the Commission**
3. **3rd Link – Commission Standards**
4. **4th Link – Accreditation Eligibility Manual**
5. **5th Link – Accreditation Basics**

- **Standard 19 - SLO/Program Review** – All will be data from us. Proof that we are reviewing and planning.
- **Instructional Master Plan** – We have to develop a plan for our campus. What is Compton going to be? Too small for comprehensive, but we can be known for quality programs. This will be part of our self-study. As we move forward, this master plan will be who we are.
- **Technology and Facilities Master Plan** - This also needs work.
- **Areas of Concern** – Eligibility Requirements 17 and 18.
  1. **5-Year Fiscal Management Plan** – Our goal is to continue our plan so that we can demonstrate the we can do it.
  2. **Enrollment** – It is falling, and we need to work on this. This is an issue at ECC main campus, as well.
- **Next Part of Candidacy** – The next step is the self-evaluation. We are moving on this.
- **Approved Standards** – These are in the packets (handout).
- **Teams and Standards** – Holly Schumacher reporting. We are looking for more faculty to participate. This self-study is essential to move forward.
  - 3/10 – 1 pm – **Accreditation 101** – On-campus – RSVP with Dr. Curry. Staff Lounge.
  - **Areas** – Email me if you think you can participate – hschumacher@elcamino.edu
    1. **IIC** – Looking for five more faculty.
    2. **IIIA and B** – These have the least amount of participants. On two for each.
    3. **IIIC** – Technology. We need more CIS/Business faculty Talk to Mike or Mr. Ramos.
    4. **IIID** – Lopez and Hegler – All finance. Only one faculty member serving.
    5. **IV** – Leadership and Governance – Dalia, Villalobos, and Halligan. Could use a few more on this one.

**Question** – Will these all come together?
Schumacher – Yes. It will become one large document.
**Question** – Are there samples from other colleges?
Perez – All schools should have it on their district websites.

- **Closing Comments** – **Dr. Keith Curry** – We need your help. We have some people who are burning out on this. We need fresh blood to get in here. This is a cry for help. Readers, writers, all skills are needed desperately. Please, everyone, consider being a part of making history – the reaccreditation of Compton Community College. (Applause)

**Faculty Rep** – Jerome Evans reporting.
- **Black Heritage Month** – We are having our annual book give-away next week. Please donate books and money to either myself or Dr. Lyles from now until Monday. Your generosity is most appreciated.
- **Book Fair** – The annual book fair will be held Tuesday and Thursday 2/24 and 2/26 during the day, and Wednesday 2/25 during the evening. Please send your students.

Noncredit Regional Meetings
Event Date: March 20, 2015 - 9:00am to March 21, 2015 - 3:30pm

The Academic Senate for California Community Colleges is holding two regional meetings focusing on noncredit course offerings and program building. About five colleges in the state offer 80% of the noncredit instruction. In the 15-16 academic year, the funding for some noncredit courses (Career Development and College Preparation) will be equal to credit courses. Due to funding changes, colleges may want to examine the opportunity to offer noncredit coursework to their students. We will begin the day with updates on C-ID and ADT curriculum development as well as the latest information about noncredit CDCP funding changes and the interaction between AB 86 and CTE. After lunch, we will offer two strands. One strand will provide training for curriculum chairs, curriculum specialists, curriculum committee members, other faculty, and administrators who are developing and reviewing noncredit courses. The other strand will guide discipline-specific groups in hands-on discussions about building their noncredit programs in light of CDCP funding changes. The goal of this strand is for participants to draft a working plan to help guide decision-making about noncredit instruction at their colleges.

The meeting location for the south is Cerritos College, 11110 Alondra Blvd., Norwalk, CA 90650
Registration information can be found at http://asccc.org/content/noncredit-regional-meeting-south

Reports

A. El Camino College (Torrance campus) Report Update – Bob Klier
1. Fall 2014 Assessment reports due today.
2. SLOs: 521 SLO assessments are due. As of Wednesday of last week, we are at 53% complete, campus-wide, and many more assessments were submitted since then.
3. PLOs: There were 41 assessments due. As of last Wednesday, only 9 were submitted.
4. Bob K. noted that 521 is a significant increase and amount of work in assessments compared to about 60 or assessments done about 2 years ago.
5. Bob K. will run another set of reports next week and advise the divisions of outstanding assessments.

B. Compton College Report Update – Kendahl Radcliffe
1. SLOs: a. Division 1 has a 90% completion rate for assessments.
   b. Division 2 has over 80% completion rate for assessments.
   c. Division 3 has 93% completion rate for assessments.
2. PLOs: They have a 73% completion rate for PLO assessments.
3. Kendahl R. shared that the greatest challenge was getting faculty to enter the data in TracDat and complete their submissions; the faculty tended to input their assessment method descriptions but wait until the last minute to input the results.

At the Faculty Development Committee Meeting on Tuesday, February 24, 2015 Andree Valdry represent the Compton Center. Remaining meeting dates are March 10 & 24, April 14 & 28, and May 12 (if needed) in Teaching and Learning Center, Library Basement, 1-1:50 pm if anyone is interested in joining.

A video called Reading Between the Lives was shared in which students described the confusion and frustration that results when faculty assign reading without providing further guidance on how students should approach the reading or the intended learning objectives. Although it may be more appropriate for reading instructors, every faculty requiring their students reading assignments or reading from the textbook may find this of value.

Highlights of the 2014 Survey Results for the El Camino College Compton Center, from Research & Planning, released December 2014.

2014 Faculty Respondent Profile: Faculty teaching at least one credit, non-lower-level-ESL course on campus in Spring 2014 were selected to participate in the CCFSE. Out of 241 faculty invited to participate
in the online survey, 102 responded (42% response rate, ±7.6% margin of error with 95% confidence). A total of 49 (48%) full-time and 53 (52%) part-time faculty responded to the survey.

Twenty-four percent of faculty respondents at our college are tenured. Of full-time faculty respondents, 43% are tenured while 12% are on track for tenure. Of part-time faculty respondents, 4% are tenured or on track for tenure. 44% of our college’s faculty respondents are male and 56% are female.

Objective of the CCFSSE Survey: Faculty members were asked how often their students participate in activities that encourage engagement, mirroring similar questions asked of students. In the CCFSSE frequency reports available online, responses from both faculty and students are set side by side to compare perceptions from each group.

Student-Faculty Interaction: The more contact students have with their teachers, the more likely they are to learn effectively and to persist toward achievement of their educational goals. Personal interaction with faculty members strengthens students’ connections to the college and helps them focus on their academic progress.

Other highlights: Full-time faculty were much more likely to provide students with academic advising than part-time faculty. Full-timer faculty at ECC-Compton Center were less likely to participate in distance education (27%) compared to the national average (37%).
