PURPOSE OF THIS BOOKLET

In 1998, the federal government passed the Jeanne Cleary Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1990. The law requires colleges and universities receiving federal funding to disclose the reported instances of criminal activity on their campus.

The law specifically requires the reporting of violent crime, Burglary, and motor vehicle theft, as well as a summary of arrest and disciplinary referrals for liquor law, drug abuse and weapons violations.

In compliance with the above law the El Camino College Compton Center Police Department has produced this booklet which contains the required information. This information is available at the Campus Police Department, Administration Office, and the Student Life Office.

If you have any questions, concerns or comments, please contact the Compton College Police Department at (310) 660-3100 or via electronic mail at campuspolice@elcamino.edu.

A REMINDER

Every member of the College community shares the responsibility for preserving a safe learning environment. As a student or staff member, your increased awareness can minimize crime on campus. When you are alert, share safety tips, look out for others, and report suspicious activity promptly, you may help to eliminate unlawful activity.
HOW WE PREPARE OUR ANNUAL CAMPUS SECURITY REPORT

The preparation of the Annual Campus Security Report is an ongoing process. Every effort is made to ensure that the report is complete, accurate and in compliance with the law. This process includes the gathering of crime statistics from those individuals who have been identified on our campus as having a significant responsibility for student and campus activities and local law enforcement agencies that have jurisdiction on or about the campus.

We also work closely with the Office of Student Life to insure that no changes have taken place to the existing policies and procedures. After we have collected crime statistics from the other sources, they are reconciled and compared to the records maintained by the Campus Police Department to ensure that all offenses have been counted and there are no incidents being counted twice. When all statistical information and policy changes have been received, the police department prepares the Annual Security Report and distributes the information in both a printed and on-line form. The required statistical data is also submitted to the Department of Education.

SAFETY AND SECURITY IN OUR COMMUNITY

**Megan’s Law~Sex Offender Registration Requirements & Information**

The state of California requires sex offenders to register with the police in the jurisdiction in which they reside. The state makes this information available to law enforcement
agencies. The information is available to the public at some local police departments and sheriff’s offices.

California state law also requires sex offenders that are enrolled, employed, or carrying on a vocation with or without compensation at an institution of higher education to register with the college/university police.

California law and CA DOJ’S Megan’s web allows the public to view information about “serious” and “high risk” sexual offenders that may be residing in their community. This enables the public to be aware of potential risk in their community. The public can then make informed decisions when taking safety precautions to protect themselves and their children.

The El Camino College Compton Center Police Department does not provide public access to the Department of Justice (DOJ) Megan’s Law Program. There are several agencies in the local community where a member of the public can access this information. This program makes information available to the public regarding specified sex offenders via the Megan’s web program, in accordance with the existing federal and state laws.

Public access to viewing the Megan’s web program is generally by appointment, and it is recommended that you call the agency first to verify what hours the information is accessible.

Individuals are required to show photo I.D. as well as sign a statement attesting that he or she is not a registered sex offender, understands it is unlawful to use the information obtained to commit a crime against any sex offender registrant or engage in illegal discrimination or harassment of any registrant.

The statement is confidential and is not subject to disclosure under the Public Records Act/ a copy of the statement may be made available to law enforcement agencies for law enforcement purposes.

For more information on viewing the Megan’s Law program, contact one of your local police department or choose from the two listed below.

On Campus

- Be especially aware of your surroundings at times when you may be less alert and more vulnerable to an attack; e.g., during exams, when you are upset, sick, or tired.
- Use discretion and caution when taking shortcuts through isolated parts of campus.
- Know the location of emergency phones on routes to and from class.
- Keep personal belongings in view while in class, the library or lab.
- Wherever you are, on campus or off, if you see or hear someone who might be in trouble, your options include running, yelling, confronting, and calling the police.
- Learn self-defense techniques by enrolling in a self-defense class.
- Use the Escort service by calling Campus Police.
- Ride the campus courtesy shuttle from 6:00 P.M. to 10:30 P.M. Monday through Thursday evenings.

Using ATM Machines

- If you feel threatened while using the ATM, push the cancel button to cancel your transaction. Just walk away and complete your transaction later.
- Avoid using an ATM at night. Most ATM crimes occur between 7:00 PM and Midnight.
- If you must use an ATM at night take another person with you.
- Check around the ATM first to make sure no one is lurking in the shadows.
- Use machines that can be clearly seen from a street or public area.
- Use machines that are inside buildings or in well-lighted areas.

In an Apartment At Home

- Install and use locks on your doors and windows.
- Have your locks changed, re-keyed or add a new lock when you move into a new house or apartment.
- Keep doors locked day or night whether you are home or not.
- Know who is at the door before opening it. Demand ID's from anyone you don't know.
- If someone comes to your door and asks to use your phone to call for help, offer instead to make the call.
- If you live in an apartment, be alert when in the laundry or garage area by yourself.
• Close your blinds and shades at night.
• Give your home a "someone home" look. Put radio and lights on a timer.
• Have good lighting around entrances.
• Develop an escape plan for use in case of an intruder or fire.
• Leave spare keys with a friend, not in accessible places.
• Know your neighbors and know which ones you can trust in an emergency.
• Keep emergency numbers near the phone.

On the Street… While Walking

• Act confident. Look and be alert about the people around you.
• Be aware of your surroundings. Cross the street or change direction if you think you are being followed.
• Be careful when people ask you for directions. Reply from a distance rather than getting too close to a car.
• Travel with a friend whenever possible to reduce the chances of being attacked. This includes going to public restrooms.
• Wear clothes and shoes that give freedom of movement.
• Vary your route if possible.
• Consider carrying pepper spray for personal protection. Know how to use it and have it readily available when out in public.
• Notice cars that pull up beside you or pass you more than once.
• Keep one hand free when walking.
• Carry change for bus fare or a telephone call.
• Do not hesitate to get attention however you can if you are in trouble. Do not be afraid to make a scene.
• If you travel a regular route at night, become familiar with stores that stay open, gas stations, and other places where there will be people.
• If you use a wheelchair, try to check your destinations ahead of time for accessible entrances.
• For an emergency, use a public phone to dial 911 (no coin is necessary).

Driving a Car

• Have your keys in your hand as you approach your car.
• Lock your doors when driving and after parking.
• Check the back seat and floor.
• Always keep at least a half tank of gas in your car.
• Maintain the car in good running condition.
• Keep your valuables out of sight, under the seat, in the glove compartment or trunk.
• Park in well-lighted areas.
• Try to be especially alert in parking structures.
• Avoid parking next to vans, as you can be pulled in through the sliding door.
• If you have car trouble, signal for help by raising the hood or tying a handkerchief to the door. Remain in the car with doors locked until identifiable help arrives.
• Should another motorist offer to help, roll down window only an inch and ask him or her to call the police or auto club.
• Keep an emergency kit, containing a flashlight, flares, telephone change, distress signs and other essentials in your car.

On the Telephone
• Be wary of telephone surveys.
• List only your first initial and last name in the telephone directory.
• Think about the information you give out over the telephone and to people you do not know well. Tell roommates and housemates not to give information by phone about who is home, who is out, how long anyone is expected to be out.
• Never reveal your number to a wrong number caller.
• If you receive a threatening or obscene phone call, hang up. Blow a loud whistle or leave the phone off the hook. Contact the police and make a report.
• Answering machines may be used to screen calls. Your outgoing message should not say that you are away from home.

On an Elevator

• Check the inside of an elevator before entering. Wait for the next elevator if you are unsure of the people inside.
• When riding an elevator, stand by the control board. If you feel in danger, press all the buttons and get off the elevator as soon as possible.
• All elevators on the El Camino College Compton Center campus are equipped with emergency phones.

On Public Transportation

• Check the bus schedule to avoid long waits at the bus stop. Become familiar with routes and timetables in your area.
• Wait for buses at well-lighted stops.
• If possible, join other people at a nearby stop.
• If someone bothers you on the bus, say loudly, "Leave me alone" or 'No". Get up and find another seat. Tell the driver.
• Stay awake on public transportation if you are alone.
• Notice who else gets off at your stop. If you feel someone is following you, walk towards a populated area. Avoid walking directly home.
• Be aware that hitchhiking can be very dangerous.

While Cycling

• Use reflectors, reflective tape, or other similar devices on cycling shoes, fenders, belts, frames, pedals and handlebars.
• Keep to the right. Ride with traffic, not against it.
• Use hand signals to indicate turning or stopping.
• Ride defensively.
• Use bicycle paths whenever possible.
• Walk your bicycle across busy intersections.

• Always use a bike light and rear tail lamp when riding at night.

While Jogging

• Be aware of your environment.
• If possible, consider jogging with a friend.
• Choose well-traveled running paths and be aware of any isolated areas you will run through.
• Vary your route.
• At night, wear light colored clothing or wear reflective markings.
• Tell your roommate or friend your route and expected time of return.
• If approached by a car while running alone, do not stop to give directions or answer questions. Leave the road and head for a populated area.
• Don't let yourself be surprised. Listening to your headset may make you unable to hear approaching traffic, emergency sirens or any other danger signals.

If Attacked-Self-Defense

• If someone tries to grab your purse, let it go. Most injuries from robberies occur when people resist and refuse to comply with the robber’s demands.
• If you are attacked, whether you resist, and how you resist will depend on your personal resources and your personal values. Give some thought right now to what you would do in various situations that could arise. The more you have thought ahead, the more likely you will be to act in the way you've planned.
• Have you taken a self-defense class? Do you think you could hit or kick someone who is attacking you? Do you know how to get away from someone grabbing you? What objects could you use to defend yourself?
• In considering your reactions to different situations, keep these three basic rules in mind:
  1) Trust your Instincts.
  2) Don't be afraid to be impolite or make a scene; this is especially important, even if it is someone you know.
  3) Try to remain calm—use your imagination and good judgment give yourself time to think.

If You Are Sexually Assaulted

• Go to a safe place that has a phone.
• Call the police, rape crisis hotline, a friend or family member. Tell someone.
• DO NOT wash hands, bathe, shower, douche, change clothes or straighten up the area. This destroys evidence.
• Reporting is your choice. If you do not report, try to write down the details of the assault and save them in case you change your mind.
• Whether you report or not, get medical attention for treatment of external and/or internal injuries and test for sexually transmitted diseases and pregnancy.
• Take time to recover. Get counseling.
