El Camino College Compton Center Premieres “First Year Experience” Program

Whether you are transitioning from high school or attending college for the first time, meeting the challenges of this new experience is exciting but can also be overwhelming.

El Camino College Compton Center is now offering the First Year Experience/ Learning Communities (FYE) program to assist students in succeeding in college. FYE provides educational and career services in a supportive, caring environment.

By participating in the FYE program, students will learn to develop key study skills and discover options for studying in groups. They will also have access to vital campus and college resources, and be able to explore a chosen major, create a career plan, interact in a multicultural environment; and learn how to access and manage electronic information such as e-mail, the Internet and library databases.

The FYE program provides students with an in-depth orientation, access to counselors and faculty, the opportunity to participate in learning community courses, strategies for success, student mentors, field trips and an El Camino College e-mail account.

To be eligible for the First Year Learning Experience/Learning Communities program, a student must qualify through the English Placement Exam.

For more information, contact Toni Wasserberger, faculty coordinator, 310-900-1600, ext. 2233, or via e-mail twasserberger@elcamino.edu.
