At a time when many California institutions of higher education are facing debilitating cutbacks, El Camino College Compton Center is adding classes and students can avoid wait lists, crowded classes and long lines. While many classes are filled at other colleges, El Camino College Compton Center is offering a full complement of transfer and degree courses, career training and technology programs, as well as evening and online classes. El Camino College Compton Center has short term courses as well, including four-, six- and eight-week sessions. These sessions provide a great way to fulfill a class requirement or begin training for a career in just a couple of months at an affordable price. Please refer to page 52 of the online Winter/Spring 2010 Class Schedule for more information.

The Career and Technical Education department offers 13 different occupational programs for those looking to start a career, planning to transfer to a four-year college or university, or need to upgrade their skills or develop new ones for a specific career. Classes are available in Heating, Ventilation and Air Conditioning (HVAC), Nursing, Automotive Technology, Machine Tool Technology, Introductory Robotics, Business Administration, Childhood Education, and Fire/Emergency Technology, to name a few.
