Compton Community College District Establishes Partnership with Molina Medical Management, Inc. to Provide Student Health Care Services

On July 8, the Board of Trustees for Compton Community College District (CCCD) upon the recommendation of the CCCD Chief Executive Officer Keith Curry, approved a Memorandum of Understanding (MOU) with Molina Medical Management, Inc. to enter discussions about the establishment of a health care clinic on CCCD premises.

The MOU outlines a partnership where the Compton Community College District agrees to provide the needed space to establish a health care clinic and Molina Medical Management, Inc. agrees to establish the facility and ongoing operations of the clinic.

“This partnership is the first step in offering a vital service to students enrolled at El Camino College Compton Center,” said CCCD Chief Executive Officer Keith Curry. “As educators, we understand that students with a positive health status have greater ability to learn and engage fully in educational experiences both inside and outside of the classroom.”

The proposed health care clinic to be operated by Molina Medical Management, Inc., and established on CCCD grounds, will provide accessible health care services to El Camino College Compton Center students.

“We are excited for this opportunity to deliver high-quality care to local students,” said Gloria Calderon, president of Molina Medical Management. “As a national health care company that started as a single clinic here in Los Angeles County 35 years ago, we look forward to providing medical services, health education and convenient access to those in the neighborhood who may not have had it before.”

About the Compton Community College District

Board meetings are usually held the third Tuesday of each month and are open to the public. The District is located at 1111 E. Artesia Boulevard, Compton, CA 90221.
