The Molina Health Center was established to serve students enrolled at ECC Compton Center, and is made possible through a partnership between the Compton Community College District and Molina Medical Management, Inc.

The Health Center is operated by Long Beach-based Molina Medical Clinic, which is a subsidiary of Molina Healthcare. The on-campus student health center is the first of its kind for Molina Medical Group and is staffed by a nurse practitioner and two medical assistants.

The Molina Health Center offers physicals; treatment for colds, flu and ear infections; family planning, including pregnancy tests; and health care education, for a nominal fee of \$19 per semester. For an additional cost, flu and hepatitis vaccines are also available.

The health center is currently open three days per week from 8:30 a.m. to 5:30 p.m. Tuesdays and Wednesdays and 11:00 a.m. to 7:00 p.m. Thursdays. Walk-ins and same-day appointments are available, and students will have 24/7 access to request appointments, see test results, order prescription refills and more through the MyChart app or [website](#).
