Compton Community College District is committed to all provisions established by the Rehabilitation Act of 1973, sections 504 and 508, the Americans with Disabilities Act (ADA), and the ADA Amendments Act of 2008 (ADAAA). The fundamental principles of nondiscrimination and adjustments in academic programs provides that: 1) No student with a qualified disability shall, on the basis of the disability, be excluded from participation in, be denied the benefit of, or otherwise be subjected to discrimination under any post-secondary education activity or program; and 2) Reasonable adjustments, determined on an individual basis, to academic activities or requirements, shall be made in a timely manner and as are necessary to ensure that such requirements do not discriminate or have the effect of discrimination on a student with a qualified disability; and 3) The institution shall create an educational environment where students with disabilities have equal access to instruction, including those taking place in a clinical setting, without compromising the essential components and technical requirements of the course, educational program or degree.

The Special Resource Center (SRC) shall be the primary provider for academic adjustments, auxiliary services, and/or instruction that facilitate equal educational opportunities for students with disabilities who can benefit from instruction as required by federal and state laws. No student with disabilities is required to participate in the SRC program.
