

ADDENDUM #2: RFQ #CCC-021 for Instructional Building #1

Questions and Responses

July 16, 2014

Compton Community College District

#	QUESTIONS	RESPONSES
1	<p>In the RFQ Response Contents/Format Section, Page 5, Tab 2 it states:</p> <p>“Financial statements must be reviewed or audited by a California licensed Certified Public Accountant.”</p> <p>Is this requirement able to be met in the future by having our accountant obtain a California License? Will the District accept an audited statement by a Texas CPA firm as part of this submittal? Our Accountant is located and licensed in Texas. Although we have obtained licenses in other states in the past we have used statements made by our Texas firm.</p> <p>There certainly is not enough time to obtain a California license prior to the Submittal date so your response will affect our ability to submit for this RFQ.</p>	<p>Financial statements will be accepted if audited by a CPA outside California (such as Texas).</p>
2	<p>Our firm will be submitting on this RFQ, but since this is our first time submitting to your college, do we need to be registered as a vendor?</p>	<p>No.</p>
3	<p>Question #3, Addendum #1: States that we are to provide “the dollar value of the work performed or to be performed by your organization.” Does this refer to:</p> <p>a) dollar amount of the A/E team fee for the scope of work; or b) the Construction Cost of the work described in the scope of work? Any clarification you can provide to us would be appreciated.</p>	<p>Provide the construction cost of each project described AND the dollar amount of the A/E team fee for each project described.</p>
