**We Are Americans : Undocumented Students Pursuing the American Dream**

Perez, William

LC213.2 .P46 2009

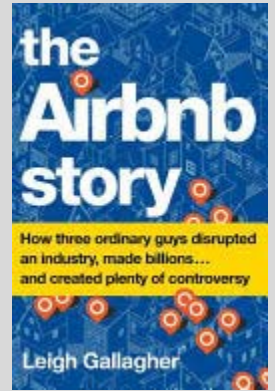

William Perez gives voice to the estimated 2.4 million undocumented students in the United States, and draws attention to their plight. These stories reveal how - despite financial hardship, the unpredictability of living with the daily threat of deportation, restrictions of all sorts, and often in the face of discrimination by their teachers - so many are not just persisting in the American educational system, but achieving academically, and moreover often participating in service to their local communities.

**The Airbnb Story : How Three Ordinary Guys Disrupted an Industry, Made Billions... and Created Plenty of Controversy**

Gallagher, Leigh

TX911.2 .G35 2017

A thorough and objective profile of this groundbreaking and unusual company covers its founders, meteoric rise, nagging troubles, and global popularity.

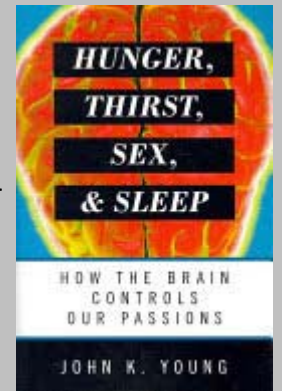

**Hunger, Thirst, Sex, and Sleep : How the Brain Controls Our Passions**

Young, John K.

QP355.2 .Y68 2016

"Sensations of hunger, thirst, sexual attraction, and love can dominate our thoughts to the exclusion of almost everything else, but up until the past ten years or so, the precise reasons why these passions arise have not been well understood. We now know that these, and other drives like the urge to sleep, are controlled by a small portion of the brain called the hypothalamus.
