Education that WORKS!
What is CalWORKs?

CalWORKs is the community portion of the California Work Opportunity and Responsibility to Kids Act, which is a welfare reform program established by Assembly Bill (AB) 1542. The program at El Camino College Compton Center operates as a partnership with the County of Los Angeles, local business and government agencies. Assistance is provided to eligible students so they can obtain their educational degrees and certificates while gaining work experience that leads to sustainable employment.

What We Offer:

CalWORKs funds are for the purpose of assisting single parents and their children who are receiving Temporary Assistance to Needy Families (TANF) and those in transition from welfare to achieve long-term self-sufficiency through coordinated student services. On campus, these services are offered through the CalWORKs Program which helps eligible students earn degrees and certificates while gaining work experience that leads to employment.

Additional student support services include:

- Child care assistance: Child care funding, paid directly to the service provider, is available for students not yet eligible for assistance through the county.
- County case worker: Liaisons with GAIN Service Workers from Regions IV, V, and VI are available.
- Career counseling: Assessment is available to help each student choose a career that fits personal interests and abilities.
- Academic advisement and assistance: Educational plans are required and are developed for students on an individual basis. The plans are designed to guide the student through each semester of the training program. Tutorial and remedial support is available as needed.

Work Activity Referral: The CalWORKs Work Activity Program assists CalWORKs recipients to comply with a combination of 32 hours of academic coursework, work activity, laboratory time, structured internships, or other activities which will lead to proper preparation for their career. The program is funded by the state through the California Community Colleges Chancellor's Office.

Individual Employment Plan (IEP): Students maintain career information, housed in the CalWORKs office, for employment placement and documentation, training, letters of recommendation, and employment evaluations.

Employability skills training and job search opportunities are provided through Human Development 6 and 8 classes, and individual guidance by CalWORKs and campus job developers for part-time and permanent placement.

Eligibility

Referrals to the program come through county offices in the greater Los Angeles area. Two groups of students are eligible for the program:

- Self Initiated Program — Prior to DPSS registration, these students are already enrolled in either a degree or certificate program.
- County referral — Students who have participated in Job Club and Assessment, sponsored by the County, are referred to ECC Compton Center for education and training.

Program Requirements

The following are participation requirements for CalWORKs:

- Major or certificate program in a career field with a good economic forecast as approved by Los Angeles County Department of Public Social Services.

Enrollment Information

Step 1

- Apply to El Camino College Compton Center in Admissions or online.
- Take assessment test.
- Attend the college orientation meeting.
- Meet with a CalWORKs counselor – complete an extended Educational Plan.

Step 2

- Schedule an appointment with a CalWORKs advisor in the CalWORKs office.
- Bring the following to your appointment:
  - Educational plan
  - Current class schedule
  - County Vocational Plan (GN 6005/6)
  - Assessment test scores
  - Social Security card
  - Valid ID
  - Electronic Benefit Transfer (EBT) card
