

Spring 2024 Work Study Workshops

The Work-Study Program is now offering two opportunities to gain valuable experience during your college career. If you are Work-Study eligible, you now have the opportunity to apply this award for a student employment position through the Federal Work-Study Program and/or the Learning Aligned Employment Program (LAEP).

Federal Work Study (FWS)

The Federal Work-Study program is a federally funded program that provides on-campus employment opportunity to undergraduate students to gain workplace experience. Your total Work Study award depends on when you apply, your level of need, and the funding level of your school. To be eligible, you must qualify for a Pell Grant, be enrolled in at least 6 units, have a completed FAFSA application, and be meeting Satisfactory Academic Progress.

Learning Aligned Employment Program (LAEP)

The Learning Aligned Employment Program offer eligible students at Compton College the opportunity to earn money to help defer their educational cost while gaining education-aligned, career-related employment. Your total LAEP award depends on when you apply, your level of need, and the funding level of your school. To be eligible, you must demonstrate financial need, be enrolled in at least 6 units, have a completed FAFSA or CADAA application, be meeting Satisfactory Academic Progress, be a California Resident, and be eligible to work in the US.
