- a) Would the Academic Senate like to make additional recommendations to the district pertaining to Dual Enrollment? If so, what would they be?
- Problems include.
 - Lack of communication.
 - The Academic Senate proposed appointing a full-time Dual Enrollment Coordinator to serve as the primary point of contact for faculty. This role would help ensure timely and transparent communication regarding logistics, expectations, and instructional support.
 - Insufficient notice for course logistics.
 - Faculty should receive detailed information about course location, access, and schedules well in advance to allow adequate preparation and to ensure instructional quality.
 - Bathroom Access.
 - Dual Enrollment faculty must be guaranteed convenient and secure access to restroom facilities while teaching at off-campus locations, including high school sites.
 - Parking Concerns.
 - Faculty should be provided with safe and accessible on-site parking. Requiring instructors to park on side streets is unacceptable and can raise safety and equity concerns.
 - Calendar misalignment between high schools and the college.

- When students are enrolled in college courses, the college calendar should be honored. The district should work with partner schools to address and minimize scheduling conflicts.
- Transportation barriers for high school students attending on-campus classes.
