## Academic Senate Agenda — March 19<sup>th</sup>, 2026

**Time:** 2:00 p.m. - 3:30 p.m. | **Location:** In-Person IB1-106

---

### Statement of Purpose

The Academic Senate is organized under the provisions of the California Code of Regulations, Title 5. It shall represent the faculty and make recommendations to the administration and to the Board with respect to academic and professional matters, so long as the exercise of such functions does not conflict with the lawful collective bargaining agreement.

The passage of AB 1725 in 1988 granted the Academic Senate the role as the college's primary authority on academic and professional matters.

Our purpose is to represent all faculty in dealings with Administration and the Board of Trustees, in developing, revising, and implementing college-wide policies and procedures that concern faculty. The Academic Senate should strengthen the role faculty plays in the collaborative governance process. Furthermore, the Academic Senate should provide a platform where faculty discuss, debate, formulate resolutions and recommendations, provide opinions on academic and professional matters, as well as on other issues of concern.

The Academic Senate is a democratically elected group of faculty who represent their respective divisions.

    - **Time:** 30 Minutes  
**Requested by:** Dr. Bradfield Conn—Distance Education Coordinator
      - Dr. Sean Moore expressed appreciation for the team's hard work and acknowledged the need for course improvement but sought clarity on the ramifications of failing the recertification process.

- Dr. Jose Villalobos reiterated Sean's concerns, posing a scenario where a faculty member fails to receive recertification. He questioned if this means the faculty member can no longer teach.
    - Dr. Brad Conn clarified that the faculty member has a year to make revisions and can continue to teach during that time.
  - The potential for bias in the peer review process was acknowledged.
    - A speaker pointed out that just as there is a risk of a reviewer grading a course too harshly due to personal conflict, there is an equal risk of a reviewer being too lenient with a "homie" and letting a substandard course pass.
  - Concerns about a potential union issue regarding compensation for course reviewers is a significant concern for making recertification mandatory.
    - A formal recommendation was made to add protective language to the process to ensure compensation for peer reviewers is actually paid by the administration.
    - Union President Dr. David Chavez emphasized the importance of the Senate's role, as it is entrusted with this process.
    - Some committee members expressed concern that the proposed recertification process could increase faculty workload and raised questions about how compensation for peer reviewers would be funded. It was noted that compensation and workload considerations may ultimately need to be addressed through union negotiations.
    - Dr. Sean Moore suggested that the program should perhaps remain optional until the funding for reviewers is secured, especially if the union decides to negotiate terms and compensation.

  - A speaker asked the Senate to consider issues related to adult students enrolling in dual enrollment courses held at high school sites, noting that some students may not realize the course meets at a high school and may face logistical challenges such as parking and campus access.
