# COMPTON COLLEGE INSTITUTIONAL SET- GOALS

Spring 2022 Professional Development Day

# **Equity Definition**

Equity refers to achieving parity in student educational outcomes, regardless of race and ethnicity, backgrounds, or identity. Equity processes ensure that all people have an equal opportunity to engage and succeed in a high-quality educational experience while providing all students with the tools to support their academic, career, and personal goals. Compton College students identify needs and solutions to equity problems on campus. Compton College identifies and removes barriers that produce inequity and intentionally designs new programs or refines services to provide each student with what they need to be successful in their college experience.
